

Warsaw, 9 May 2019

## LETTER OF REFERENCE

WCBKT S.A. – Central Military Bureau of Design & Technology has delivered to LS AIRPORT SERVICES the GPU-7/90 TAURUS ground power units since 2016.

The equipment was manufactured on time, in line with the requirements of the agreements. Currently, twelve GPU-7/90 TAURUS units are used for handling passenger flights operated by several dozen air carriers at airports in Warsaw (Fryderyk Chopin Airport), Modlin (Mazovian Warsaw-Modlin Airport) and Katowice (Katowice International Airport in Pyrzowice).

The TAURUS model aggregate units are perfect for all types of aircrafts, including Air Force One (B747) which was confirmed during the visit of the President of the United States.

The high quality of the equipment and the constant service protection of the manufacturer ensure many years of reliable use of the equipment.

LS AIRPORT SERVICES, continuing to provide the highest quality services to meet the expectations of its customers and market requirements, cooperates with the best entities supplying GSE. WCBKT S.A., as an experienced and reliable manufacturer of airport equipment and power supplies for aviation, definitely belongs to this group.

Marcin Warsicki

Director
